January 17, 2020

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2018-19 educational progress for the Harbor Beach High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mr. Aaron Bulgrien for assistance.

The AER is available for you to review electronically by visiting the following web site <http://bit.ly/2Ttwru4>, or you may review a copy in the main office at your child's school.

For the 2018-19 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as a "HAS NOT BEEN GIVEN ONE OF THESE LABELS."

Our school continues to strive to be one of the best in the state. We will continue to seek 100% success for all students academically and socially. We have 3 major school goals: Mathematical Proficiency, English Language Arts Proficiency, and Social-Emotional Success.

As there is only one high school within HBCS, all students are assigned to the same building. Our School Improvement Plan is available upon request at the high school office. This plan gives further details about our 3-5 year vision. There are no specialized schools within HBCS; however, we do have assistance from HISD where the need arises via special education programming and "The Tech Center." The curriculum we use is based on the Michigan State Curriculum and can be accessed through our website. Assessment data can be found within the school website and within the AER documentation. We have 50% of our parents represented at Parent Teacher Conferences in the fall.

At Harbor Beach High School, we currently have 49 students (23% of student body) enrolled in a total of 42 postsecondary (dual enrollment) courses. We also have 44 students (21% of student body) enrolled in one of our 4 Advanced Placement (AP) courses. Each year, approximately 60% of our AP students (roughly 26 students) score high enough on the AP Exam to earn college credit.

Harbor Beach High School will continue to be a leader in academic achievement, extracurricular excellence, and producing students who are emotional ready for the world.
